Evil And Evolution: A Theodicy

Richard W. Kropf

Darwinism Makes in Theology. Michael A. Corey has spent the last decade researching questions of science and religion and is the author of several books on the subject including God and Evolution, Evil, and the Theology of the Cross - Open Journals vid. 13 Oct 2010. In his book Darwins God, Cornelius Hunter sets forth a compelling thesis: that Darwinian evolution came about largely as a theodicy and
